NOTE TO GERMAN.**

[BY ATLANTIC CABLE AND A. P.]  
RIO JANEIRO, Feb. 5.—Brazil's answer to Germany in the matter of unrestricted submarine warfare has been completed. Dr. Lauro Muller, the Foreign Minister, after a conference with the diplomatic representative of the United States, put the finishing touches on the note in collaboration with Clóvis Bevilacqua, who is the Brazilian representative on the arbitration tribunal at The Hague.

Dr. Lauro Muller conferred also with the ministers of Chile and Argentina. Later at a meeting of the ministers, President Venancio Braz explained the situation and read the note of protest. All the ministers expressed themselves as in entire accord with the terms of the note, the moderate and firm tone of which evidenced that the attitude of Brazil will be to safeguard its rights and interests menaced by the submarine campaign. The text of the note will be made public after it has been communicated to the various chancelleries.

**WANT WARSHIPS HERE.**

Collector of Customs Asks Washington to Station "Lighting" at Los Angeles Harbor and San Diego to Aid in Enforcing Neutrality.

In harmony with previous orders received from the United States Treasury Department, relating to the enforcement of neutrality, the Collector of Customs yesterday sent a request to Washington that one warship be stationed at Los Angeles Harbor, and another at San Diego.

The request is based upon the statement that a flotilla of such craft had or were about to leave San Francisco for southern and Mexican waters, and it was thought the opportunity afforded an excellent chance to have suitable craft within reach if occasion should arise.

It is the desire of the Washington authorities that no vessels be allowed to leave Pacific Coast ports on the errand of provisioning or supplying with ammunition any warship of the German government in the present strained condition of affairs, and several such are known to be in this vicinity. The precautions are merely in the interest of safety, it is stated, and no doubt the request of the Collector will be complied with.

Conditions, both as they relate to German and Mexican affairs, have called for additional vigilance on the part of the Collector of Customs and his subordinates, and either the Collector or one of the attaches is on duty all the time to comply with any hurry orders that may be received. This will be continued indefinitely.

ORPHEUM BILL YIELDS A MERRY

HARVEST THIS WEEK.

By Grace Kingsley.

Vaudville this week in all the

houses settles down into old-time

stuff, with no stars from the "legiti-

mate" to quarrel over dressing-

rooms or specially tinted spot-

lights. With pictures, however, it

is different. At Tally's Broadway

instance, E. H. Sothorn, the

authoritative to the flickering

drama, and at the Balcony Beatrice

Michelson is the beautiful heroine of

a stage drama reduced to film terms.

Orpheum.

If all dyed-in-the-wool vaudeville

performances were as amusing as the

bill at the Orpheum this week, there

would be no need to allow temper-

amental grand opera singers or mis-

placed matinee idols to usurp the

big red type and the coveted "G"

spot on the bill.

Clayton White and Company, in

"Peggy," have the foremost spot,

"Peggy" being a sketch which coes

Yesterday's Spectacular Uprush in Wall Street is Supplanted by Extreme Advances of From Two to Five Points in Many Issues of Importance—New Miniatures for Foreign War Bonds.

NEW YORK, Feb. 5.—Far from being a day of gloom, or even hesitations, the break in relations between the United States and Germany made the occasion of a new advance in stocks today, last week's spectacular uprush being supplanted by extreme advances in many issues of importance.

Representative issues, however, were consistently irregular. The market for stocks, 4,400,000 shares, was made up of a large number of irregular issues. Total sales of bonds, 1,400,000 shares, were made up of a large number of irregular issues. Total sales of bonds, 1,400,000 shares, were made up of a large number of irregular issues.
